

***BABY KITTEN COIN / TOKEN WHITEPAPER***

**Version 1.0 - March 2024**

## WHAT IS BABY KITTEN COIN PROJECT?

Baby kitten 🐱 is a token dedicated to cats around the world, our token will also be used for all cat services, providing shelter for cats, rescuing, and most of all feeding all cats 🐱 around the world. Also Partnering with Kittens Food merchants and affiliate marketing companies all over the globe to be their primary legal tender means of payments for digital and physical products with our own Gangsta NFTS and metaverse pet nfts and Baby kitten TV Series Show.

### OUR MISSION

Our goal is to ensure the safety and proper upkeep of kittens around the world, providing all kitten essential services through a decentralized payment system.

We aim to make the care of kittens cheaper and affordable than it used to be for all kitten pet lovers.

Staking BKC tokens to earn Baby Kitten NFTs

Baby Kitten allows the early investors to stake BKC tokens to earn 1 Baby Kitten Street Gangsta NFTs every 2 weeks. This staking program requires the investors to have at least 200,000 BKC tokens. The investors can claim the Baby Kitten NFTs and sell them in our NFT Marketplace after we release our NFT Marketplace.

This staking program will start at the beginning of our NFT marketplace and run for 8 months.
